UNDERGROUND STORAGE TANK
INTERSTITIAL MONITORING LOG

Instructions:

- Use this form at Underground Storage Tanks (UST) that have an Interstitial Monitor for release detection.
- Complete and document the inspection of the interstitial monitor every 30 days.
- Keep this form in the Underground Storage Tank (UST) documentation binder for 3 years.
- If the interstitial monitor is in alarm, immediately notify EHSO at 404-727-5922.

Facility Name: _____ Facility ID Number: _____

Date	Name	Is the interstitial monitor in alarm?	
		Yes	No
