

REGULATED WASTE CHECKLIST

1

Is the container closed?

2

Is the container stored appropriately? (Ex. Secondary containment, not near a sink or drain, flammables in flammable cabinet, corrosives in corrosive cabinet, etc.)

3

Is the [Hazardous Waste Label](#) affixed to the container, and filled out entirely and accurately?

4

Are the corresponding [GHS pictograms](#) affixed to the container?

DISPOSAL

Go to www.ehso.emory.edu and Select "Waste Collection". Fill out all applicable fields and request replacement containers.
